Тема: Making a fair decision on Niki Riabenko's result in the 22nd International Solving Contest (ISC)

Дата: 11 лютого 2026, 01:18:17

--

Dear Sirs,

The reason for the appeal is the refusal of the Main Judge: Mockus, Arvydas 22nd INTERNATIONAL SOLVING CONTEST 25-Jan-2026 to enter the result of the participant from Ukraine in category 1, Nika Riabenko, in the final table.

This decision is based on unfounded assumptions. A high result was shown by Nika Riabenko in the 21st INTERNATIONAL SOLVING CONTEST in category 2.

There were no suspicions then and there should be none now; there has never been any interference with the reliability of the results during tournaments in Poltava.

We respectfully urge you to consider making a fair decision to include Nika Riabenko result in the final table.

We are attaching:

1. Nika Ryabenko certificate for winning the 21st INTERNATIONAL SOLVING CONTEST in category 2;
2. Table of results of the 22nd INTERNATIONAL SOLVING CONTEST tournament 25-Jan-2026 in category 1 in Poltava.

Sincerely, Hryhorii Shcherbov (<chessman1@ukr.net>)
