## **Solving Tournament of Martynas Limontas 2021.04.03.**

### ***Introduction***

1. This solving tournament is a special event, organised at a period when the traditional live solving tournaments can't be held because of the worldwide pandemic of the Coronavirus in 2021. There are no prizes. It doesn't count for rating. It is not possible to make norms or win titles.

2. Tournament director is Arvydas Mockus ([arvydas.mockus@gmail.com](mailto:arvydas.mockus@gmail.com))

3. The solvers will receive the diagrams by e-mail and must solve the problems immediately at home.

4. After finishing their session, the solvers e-mail their solutions immediately to the tournament director. Complete results will be published as soon as possible.

### ***Registration***

1. All the solvers who have or had more than 2200 elo are invited. Other players may be invited by the tournament director.

2. The solver must be registered before the tournament starts. He informs director Arvydas Mockus. Closing date of registration is Friday 2 April 2021 at 20.00 GMT.

### ***Organization***

The tournament takes place on **Saturday 3 April 2021 at 10.00 CET** (= London 09.00; Brussels 10.00; Moscow 12.00; Tokyo 18.00)

### ***Selection***

There will be 1 session with 12 problems/studies. Time: 180 minutes (3 hours). There are no two movers. The selection consists of #3, #n, study(ies), H# and S#.

## ***Tournament***

At exactly 10.00 CET an e-mail with the problems will be sent to every participant. The solvers will be solving at home till 13.00. Every participant will receive an e-mail indicating the end of solving. The solvers will have 5 minutes to submit their solutions by e-mail to the address mentioned above. A solver can of course forward his solutions before the end of his session. You can use photo, scan, doc file, etc.

## ***After tournament***

After 15 minutes the solvers will receive the solutions from the director. The tournament director will mark immediately the solution sheets and publish the preliminary results as soon as possible (probably early in the evening). The solver can easily check himself how many points he has, because they still have their own solving sheet and the document with the solutions. If he is not sure about something, he can always ask the director for clarification.

## ***Fair-play***

The director trusts all players that they will not use any helping devices (computer, books...) while solving. This cannot and will not be checked by the director. The director believes in honesty of all the participants and that they will show respect for the other competitors by adhere strictly to this rule.

## ***Finally***

All unforeseen events (undelivered emails, etc.) will be handled by the tournament director with common sense.

All e-mails must be sent to the tournament director:
