# SCHOOL OF VOLGOGRAD

## Solving Training 2021.09.05

### Pieces $\leq$ 7, #3,#4,#5.

#### **Introduction**

1. This solving training is a special event, organised at a period when the traditional live solving training can't be held because of the worldwide pandemic of the Coronavirus in 2021. There are no prizes. It doesn't count for rating. It is not possible to make norms or win titles.
2. Training director is Arvydas Mockus ([arvydas.mockus@gmail.com](mailto:arvydas.mockus@gmail.com))
3. The solvers will receive the diagrams by e-mail and must solve the problems immediately at home.
4. After finishing their session, the solvers mail their solutions immediately to the training director. Complete results will be published as soon as possible.

#### **Registration**

1. All the solvers are invited.
2. The solver must be registered before the training starts. He informs director Arvydas Mockus. Closing date of registration is Saturday 04 September 2021 at 19.00 CEST.

#### **Organization**

The training takes place on **Sunday 05 September 2021 at 10.00 CEST** (= London 09.00; Brussels, Bern, Amsterdam, Berlin 10.00; Vilnius, Moscow, Athens, Minsk, Kyiv 11.00)

*If this date is not good for you, it is possible to participate in advance. Contact tournament director about it.*

#### **Selection**

There will be 2 rounds (105 min. per round) with 12 problems in each to solve.

1st round: **6x#3, 6x#4**

2nd round: **9x#3, 1x#4, 2x#5,**

## ***Training***

**1 Round:** At exactly **10.00 CEST** an e-mail with the problems will be sent to every participant. The solvers will be solving at home till **11.45**. The solvers will have 5 minutes to submit their solutions by e-mail to the address mentioned above.

**2 Round:** At exactly **12.15 CET** an e-mail with the problems will be sent to every participant. The solvers will be solving at home till **14.00**. The solvers will have 5 minutes to submit their solutions by e-mail to the address mentioned above.

A solver can of course forward his solutions before the end of his session. You can use photo, scan, doc file, etc.

## ***After the training***

After 15 minutes the solvers will receive the solutions from the director. The training director will mark immediately the solution sheets, and publish the preliminary results as soon as possible (probably in the early evening). Because the solver has still his own solving sheet and the document with the solutions, he can easily check himself how many points he has. If he is not sure about something, he can always ask the director for clarification.

All e-mails must be sent to the training director:
