

WFCC Composing Calendar Report for WCCC 2026

People remember to send (sometimes) the announcements, but they do send them as attachments although I need links. Then when they remember to send the announcement in the correct way, they forget to send the award totally. Then I have to catch it from webpages or ask straight from the directors.

These are not good things when we just need smooth communication.

The number of tourneys has been little over 100 and the main reason is that there aren't so many people to arrange the tourneys.

I hope people will remember to send the announcements and awards in the correct way.

Kenneth Solja

Composing Calendar Coordinator
