The original first move, the white pawn takes away two squares, instead gives up two other squares, followed by the theme of the ears-came, the other pawn goes to the square of the departed pawn. A game of paired pawns.

The first pair (Model mate) are checks on the second move by one piece on different squares (2.Se2+, 2.Sh3+) with symmetrical checkmates by another piece (3.Bxf6#, 3.Bf2#).

The second pair (wrong checkmates) is the constant of the mating move (with the control of the h4 square by different pieces - bishop + pawn)
