The Berlin theme

The main plan fails to **Qxc5#**. Without **Qa5** White has an escape that needs to be controlled by **bRa7**.

For this, the **bBa6** has to move which can be done by Rook from **a4**. First off, a white blocking Pawn is annihilated by **bK** getting also rid of hindering units along the way, plus a critical move by Bishop to **e7** intercepting a Knight –white Bishop's Indian manoeuvre.
