An assortment of Circe effects which, although not
original as such, form a pleasing and cohesive
whole. The economy, especially the minimal White
material, and the light position are good, and
the play is varied and not too obvious.Judge
Lennart Werner.

Here we have wP promotions, capture and rebirth to
act as the rear piece of white batteries. In
addition, there is also a kind of black
half-battery (c8-f5). Partial ODT. Judge Shankar
Ram.
