- Financial Report: actual financial movements in the previous business year
- Balance Sheet: financial situation (assets and liabilities) as per the end of the previous business year

Before their discussion and acceptance by the WFCC Meeting, the Financial Report and Balance Sheet are reviewed by the Auditor. In his report to the WFCC Meeting, he states:

- whether he deems the two documents to be correct and complete
- whether he proposes to the WFCC to discharge the Presidium from financial liabilities resulting from the activities in the previous business year

Based on the Auditor's report, the WFCC Meeting decides whether to discharge the Presidium from financial liabilities.

---

<sup>17</sup> There is no rule against re-election of the Auditor and Reserve Auditor for another period.

- e. FIDE Solving Judge
- f. International Solving Grandmaster of the FIDE
- g. International Solving Master of the FIDE
- h. FIDE Solving Master
- i. Honorary Master of Chess Composition

## Rules for the attribution of titles

### Composing titles

#### a) "Grandmaster of the FIDE for Chess Compositions"

A problem composer must have at least 70 problems in the Albums. For a study composer the corresponding minimum number of studies required in Albums is 42.

#### b) "International Master of the FIDE for Chess Compositions"

A problem composer must have at least 25 problems in the Albums. For a study composer the corresponding minimum number of studies required in Albums is 15.

#### c) "FIDE Master for Chess Compositions"

A problem composer must have at least 12 problems in the Albums. For a study composer the corresponding minimum number of studies required in Albums is 8.

In counting the points for the mentioned master titles, the value of a joint composition will be divided by the number of composers collaborating. If a composer competes with problems as well as studies then one study = 1 and 2/3 problems.

### Judging titles

#### d) "International Judge of the FIDE for Chess Compositions"

Only national chess federations, national associations for chess compositions as well as the members of the WFCC have the right to propose a member of their chess federation as a candidate for the title "International Judge".

The standing Qualifications Committee examines the proposal in the WFCC. The candidate has to fulfil the following qualifications:

i) First application for the title International Judge in one section: 6 awards among them at least 4 awards in the section applied for and among them two published abroad are needed.

ii) First application for the title International Judge in more than one section: 4 awards (among them two published abroad) in one section which must be signified as first section and 3 awards in each other section are needed. (This means that a candidate for 2 sections must present at least 7 awards and for 3 sections at least 10 awards).

iii) Application for extension of the previously granted titles to other sections: 3 awards in each of those sections.

All awards mentioned above should be of international composing tourneys.

The sections to apply for are: #2, #3, #n, s#, h#, fairies, endgames, retros and mathematics.

All applications must be in written form. They should be addressed to the Spokesman of the Qualifications Committee or to the President and must be signed by the chess federation, the national association for chess compositions or the delegate of the applying country.

#### e) "FIDE Solving Judge"

A candidate must have conducted at least 6 rated solving tournaments (among them at least 3 which fulfilled the requirements for norms except the exclusion of tournaments in

multiple locations) in a satisfactory way in terms of selection of the problems, efficient and accurate marking, prompt announcement of the results, etc. In applying for the title, all relevant documents (problems with full solutions and attribution of points, table of results) should be submitted with the possible exception of very old tournaments. The applications should be submitted to the Spokesman of the Solving Committee or to the President only by delegates. The Solving Committee shall review the applications and forward their suggestions to the Qualifications Committee.

### **Solvers' rating and titles**

The rating is an integer numerical value which shows the solving strength of a solver. A solver gains it by solving at two approved / rated tournaments.

A rating can be gained at the WCSC, ECSC, WCCC Open, or other tournaments which fulfil definite criteria.

Ratings are calculated after each tournament. A rating list is published four times a year. It is calculated on the basis of the results of solving tournaments completed (including the report) by the end of March, June, September and December. If a tournament starts in one period and is finished in another period, the ratings of solvers are taken from the rating list valid at the start of the tournament, and the tournament is included in the period when it is finished. In case that at the same tournament different tables are produced (like one extra for juniors) ratings are calculated only for the major tournament.

The Solving Tournament Manager (STM) software is used for the issue of the quarterly rating lists.

The use of the STM software is recommended for all rated solving tournaments and it is mandatory for WCSC and ECSC, as well as for their open solving tournaments and for ISC (central controllers only).

### **Solving norms**

Norms for the titles International Solving Grandmaster of the FIDE (GM), International Solving Master of the FIDE (IM), FIDE Solving Master (FM) can be gained in a tournament if the average of the top 5 participating solvers' current rating is at least 2550 / 2450 / 2350 respectively.

Norms for the titles Women International Solving Grandmaster of the FIDE (WGM), Women International Solving Master of the FIDE (WIM), Women FIDE Solving Master (WFM) can be gained in a tournament if the average of the top 5 participating solvers' current rating is at least 2450 / 2350 / 2250 respectively.

Norms cannot be gained at tournaments which take place in multiple locations.

A solver obtains a GM / IM / FM norm when he/she achieves a performance rating of at least 2650 / 2550 / 2450. The solver must be placed within the number of solvers with the qualifying rating of 2550 / 2450 / 2350 (i.e. at least sixth place when there are 6 solvers with the qualifying rating of 2550 / 2450 / 2350).

A woman solver obtains a WGM / WIM / WFM norm when she achieves a performance rating of at least 2550 / 2450 / 2350. The solver must be placed within the number of solvers with the qualifying rating of 2450 / 2350 / 2250 (i.e. at least fifth place when there are 5 solvers with the qualifying rating of 2450 / 2350 / 2250).

## **Solving titles**

f) International Solving Grandmaster of the FIDE: A solver must gain a norm 3 times (at least once in the WCSC or ECSC) and achieve a rating of 2550. Women International Solving Grandmaster of the FIDE: A woman solver must gain a norm 3 times (at least once at the WCSC or ECSC) and achieve a rating of 2450.

g) International Solving Master of the FIDE: A solver must gain a norm twice and achieve a rating of 2450. Women International Solving Master of the FIDE: A woman solver must gain a norm twice and achieve a rating of 2350.

h) FIDE Solving Master: A solver must gain a norm twice and achieve a rating of 2350. Women FIDE Solving Master: A woman solver must gain a norm twice and achieve a rating of 2250.

The obligatory rating may be achieved anytime (i.e. at any official rating list or as a current rating after a tournament).

## **Honorary title**

i) Honorary Master of Chess Composition

This title can be granted to problemists aged more than 70 years, having great merits in problem chess, who did not succeed in getting one of the master titles mentioned above.

## **Annex IV: Procedure for Presidium elections**

1. Elections to the Presidium shall be held at every fourth Ordinary Meeting of the WFCC. Voting shall take place for all four posts in the same year. However, if a Presidium post falls permanently vacant during the term of office, a special election may be held for the relevant post, if the WFCC deems this appropriate, but the candidate elected shall serve only for the remainder of the original four-year period.

2. In an election year, a special meeting of the WFCC shall be arranged for the purpose of voting, not later than the penultimate day of the Congress, and at no later than 21.00 on that day.

3. At the opening session of the WFCC in an election year, the President shall nominate a working party of three persons from different countries to supervise the elections. One of the three should normally be the Secretary. No current delegate or deputy may be a member of this working party.

4. A delegate wishing to stand for election to the Presidium shall give his name on paper to the working party by 22.00 on the day before the elections are to be held. The paper must show clearly the post or posts for which the delegate wishes to stand.

5. The working party shall display a list of the candidates for each post by 9.00 on the day of the elections. No additions shall then be made to this list, except as provided for in paragraph 7 below. Withdrawals, however, will be permitted.

6. The election shall be held in a closed session of the WFCC. One member of the working party (not the Secretary) shall take the chair. Each post shall be dealt with separately, starting with the President and continuing through the Vice-Presidents in order. The chairman shall read out the names of the candidates for the Presidency. At this point each of these candidates may, if he so wishes, address the WFCC for a maximum of 10 minutes. Afterwards there can be a discussion. The chairman shall then invite delegates to

record in secret their vote for one of these candidates, on paper provided for the purpose. Any candidate obtaining a majority of the votes cast shall be declared elected. Otherwise delegates will vote again between the two candidates gaining the most votes in the first round. In the event of a tie in the second round, the chairman shall call a recess of not more than 10 minutes, after which the vote shall be taken again. If the result is again a tie, the chairman shall determine the outcome by selecting one of two folded slips of paper each bearing the name of one candidate.

7. Any candidate defeated in the vote for the Presidency may now declare his candidature for any or all of the posts of Vice-President, if he has not already done so. The chairman shall read out the names of candidates for the post of 1<sup>st</sup> Vice-President. Any candidate may address the WFCC for not more than 10 minutes, provided he has not already spoken.

8. In the event of a tie, the same procedure shall be adopted as for the Presidency.

9. The posts of 2<sup>nd</sup> and 3<sup>rd</sup> Vice-President shall be dealt with in exactly the same way, with previously defeated candidates being entitled to stand, and candidates having the same right to address the WFCC for a maximum of 10 minutes.

10. All the voting shall take place within the same session.

11. The duties of the working party shall cease as soon as the new Presidium has been elected in its entirety.

## **Annex V: Verification of representatives' right to represent their country member**

Upon his first appearance in the WFCC Meeting, a delegate must provide an official document issued by the country member that he represents. Upon each appearance in the WFCC Meeting, a deputy must provide a written document from the delegate or country member that nominated him.
